| **Sample balance point** | 237 mm |

PB-05 front view

Values describe the reference sample. Production targets, tolerances and specifications are agreed in writing for each project.

### Private-label options

Request your logo and artwork, colour and finish, or branded packaging. Changes to face material, core or construction can be reviewed for feasibility.

### First-order quantities

Eligible OEM trial orders start at 50 paddles for one model in one colour and finish with your logo. Confirm the exact configuration and any packaging minimum in the project quote.

### Request a sample or quote

Share your target market, reference paddle or desired specification, artwork requirements and estimated quantity by colourway.
