PD-02 reference sample

Values describe the reference sample. Production targets, tolerances and specifications are agreed in writing for each project.

### Private-label options

Request your logo, artwork, colour and finish, or branded packaging. Changes to the face layup, EVA core, target weight or mould can be reviewed for feasibility.

### First-order quantities

Request a model-specific MOQ and quotation. The proposed finish, materials and packaging are reviewed with the project.

### Request a sample or quote

Share your target market, desired weight and balance, artwork requirements and estimated order quantity.
